

FUN CAR . . . Martin Jacobs (standing), vice president of Ted Green Chevrolet, and Sam Hanks, director of the Indy 500, polish a Fun Car made by Sam Beret, Inc., of Gardena. Both of consulting engineers to the firm. The Fun Car, available for immediate delivery at Ted Green Chevrolet, is powered by a Corvair engine developing 100 horsepower to the rear wheels. A four-seat car, it has a 3-by-2-inch channel frame, fibre glass body, chrome wheels, roll bar, bumpers, and headlights, Stuart Warner gauges, Firestone Indy tires, vinyl interior, indoor-outdoor carpeting, and a metal flaked body in a choice of five colors. Special colors are available on request. The Fun Car is made on an assembly line basis to insure maximum quality control. It is registered as a 1969 automobile and carries a service warranty. Ted Green Chevrolet is located at 23505 Hawthorne Blvd. (Press-Herald Photo)

Orchestra Auditions Extended

Tryouts for California's famed Junior Philharmonic Orchestra have been extended 10 days to March 14 by Founder-Conductor Ernst Katz for all teenage musicians in this area. Successful auditions were held the past few weeks but due to the limited time set it was not possible to hear all the applicants. Dr. Katz has invited all Southern California area young musicians, between the ages of 12 and 19, to call 276-5923 and an audition time will be set. The 110-piece Junior Philharmonic Orchestra is non-commercial civic all-youth symphony now in its 32nd anniversary season. There are no audition fees or membership charges.

Social Security Number Will Insure Accuracy

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

I just received a bill for taxes I paid last month. What should I do?

Write the office which sent you the bill telling them when you made your last payment and where it was sent. Be sure to give your name, address and Social Security number. It is possible that your payment got separated from the return or notice accompanying it.

To make sure payments are properly credited, always put your Social Security number on your check or money order. It will also be helpful to write on the check what it is for and to enclose any bill or notice you may have received.

If I send in my return now, how long will it take to get my refund?

Refund claims filed now can be processed and the check issued in 5 to 6 weeks. Returns filed in April take longer to process, because of the high volume of returns received at that time. Any error on the return, such

as a mistake in figuring the new tax surcharge or a missing Social Security number or signature, will cause delays. If your refund is delayed, wait at least 10 weeks from the time you filed before writing IRS about it.

I collected state unemployment benefits last year. Do I declare them as income?

No, state unemployment benefits are not taxable and do not have to be reported.

I support my grandson. Can I claim him as a dependent even though he did not live with me?

Generally, you can if you provided more than one-half of the child's support, and the other dependency tests are met.

The dependency requirements are explained in the 100 and 1040A tax instructions.

Are scholarships taxable?

Scholarships and fellowship grants are tax free within certain limitations. For more details, send a post card to your district director and ask for Publication 507, "Tax Information on Scholarships and Fellowships."

General tax information for students is contained in Publication 532, "Tax Information for

Students and Parents." Both are free.

Do I have to report my company pension as income?

If the company paid the entire cost of the pension, the amounts you received usually will be fully taxable. If you paid part of the cost, only a portion of your pension benefits will be taxed.

If you will recover the total amount of your contributions within three years after you receive the first payment, your pension will not be taxed until you have recovered your cost. If you will not recover the amount of your contributions within three years, a portion of the pension will be taxable each year. Instructions are contained in the instructions for Schedule B of Form 1040.

Do you have anything that explains depreciation in a small business?

Depreciation is covered in our Publication 534, "Depreciation, Investment, Credit, Amortization, Depletion." It is available, free, at IRS offices.

NEW MAGAZINE

The Labor Department has announced publication of a new monthly magazine titled **Manpower**. It will cover development in recruitment, training and placement of people for jobs.

Edison Offers Tips To Young Kite Flyers

"Don't fly a kite in the rain. Don't fly a kite with metallic string. Don't fly a kite with metal in the frame or tail. . . ."

These are but a few of Reddy Kilowatt's and Bugs Bunny's words of advice presented in a delightful comic book form that are being distributed to school children by the Southern California Edison Co.

In the local area, for example, more than 46,500 Kite Fun Books have been distributed to schools by an Edison representative.

In addition to a color comic sequence on kite flying, this year's Kite Fun Book gives youngsters six basic safety rules

and offers instructions for making a variety of kites and accessories.

Other safety rules than those above include:

- Don't cross streets or highways while flying kites.
- Don't use tinsel, wire, or any twine with metal in it.
- Don't fly a kite over TV or radio antennas.
- Don't fly a kite near electric power lines and don't try to retrieve a kite caught in power lines, or in trees near power lines.

Tuberculosis Decreasing, Doctor Says

The incidence of tuberculosis in the United States is decreasing but other respiratory diseases such as emphysema are on the rise, particularly in cities like Los Angeles.

Dr. Irwin Ziment, general director of inhalation therapy within the division of respiratory diseases, will discuss these facts during the "open meeting" phase of the Auxiliary's monthly business session Tuesday at 2 p.m. in the auditorium.

Dr. Ziment will emphasize the importance of inhalation therapy, a comparatively new technique in the care of respiratory patients, especially the more severe cases.
